

**MEMORANDUM
PROBATION DEPARTMENT
COUNTY OF PLACER**

TO: Honorable Board of Supervisors

FROM: Stephen G. Pecor, Chief Probation Officer

DATE: September 26, 2006

SUBJECT: Approve the attached contract for comprehensive evaluation of programs enacted under the Juvenile Justice Crime Prevention Act (JJCPA) with the Elsan and Associates.

ACTION REQUESTED

Approve the attached contract to allow the Placer County Probation Department to enter into an agreement for services with Elsan Associates, for comprehensive evaluation of programs enacted under the Juvenile Justice Crime Prevention Act (JJCPA), for a dollar amount not to exceed \$68,164.

BACKGROUND

The Juvenile Justice Crime Prevention Act of 2000 has provided supplemental funding for Placer County to implement programs that will impact juvenile justice throughout the County. In April of 2006, your Board approved the Comprehensive Multiagency Juvenile Justice Plan Modification. This plan specifies how the Probation Department is to allocate its JJCPA funding. The Probation Department has used Elsan and Associates for its data analysis of JJCPA programs since 2002, when the Department ended its relationship with the Center for Delinquency and Crime Policy Studies at California State University, Sacramento, as program evaluator's. Elsan and Associates shall continue to provide comprehensive evaluation of programs enacted under JJCPA to aid the County in meeting the legislative and funding requirements of JJCPA. Elsan and Associates were originally selected through the direct experience of Chief Probation Officers Warchol and Morawczynski, as well as favorable recommendations from El Dorado and Sacramento Counties, both of whom use Elsan and Associates for their JJCPA evaluations. Additionally, the Probation Department has received favorable comments from the California Corrections Standards Authority in regard to our use of Elsan and Associates. The initial negotiated contract term is July 1 of 2006 through June 30, 2007, with a maximum cost of \$68,164. Additionally, the proposed contract would allow for two option years (each a subsequent fiscal year), with a maximum annual cost of \$70,209 for the first option year; and \$72,315 for the second option year.

FISCAL IMPACT

Net County cost will be zero, as this program will be paid for entirely through the allocated funding provided through JJCPA.

THIS AGREEMENT MADE AND ENTERED into this 1st day of July 2006, BY AND BETWEEN the County of Placer, hereinafter referred to as "COUNTY" and ELSAN ASSOCIATES, hereinafter referred to as "CONTRACTOR".

WHEREAS, the COUNTY is desirous of receiving certain services; and

WHEREAS, CONTRACTOR is willing to perform such services;

NOW, THEREFORE, for and in consideration of the mutual promises and agreements herein contained, it is agreed by and between the parties hereto as follows:

1. **SCOPE OF WORK:** COUNTY hereby hires CONTRACTOR as an independent contractor to do that work set forth in Exhibit A entitled "Scope of Work" attached hereto and incorporated herein by this reference.
2. **AMENDMENT TO SCOPE OF WORK:** Said Scope of Work may be amended with the written approval of the Chief Probation Officer; however, in no event shall such amendments create any additional liability to COUNTY, or additional compensation to CONTRACTOR.
3. **TERM OF CONTRACT:** CONTRACTOR agrees to complete all program evaluations as contained within Scope of Work for the twelve (12) month period of July 1, 2006 to June 30, 2007, unless terminated earlier under the provisions of Section 16. COUNTY shall have the option of extending this period twice, each for a period of one year (July 1, 2007 through June 30, 2008 and July 1, 2008 through June 30, 2009). COUNTY will give thirty (30) days written cancellation notice to CONTRACTOR prior to the beginning of a given one-year option period. CONTRACTOR'S compensation for the term of this AGREEMENT and the renewal option periods is described in Section 5 herein.
4. **PROGRESS REPORTS:** CONTRACTOR shall submit quarterly progress reports to the COUNTY, which reflect progress made in implementing the services and achieving the outcomes in the Scope of Work.
5. **AMOUNT OF PAYMENT:** COUNTY shall pay the maximum sum of \$68,164.00 to CONTRACTOR as full payment for all services set forth in Exhibit A. The COUNTY shall pay up to the maximum sum of \$70,209.00 to the CONTRACTOR, for the first option year executed; and \$72,315.00 for the second option year executed. CONTRACTOR understands and agrees that COUNTY will make no payments under this Agreement until the required certificates of insurance have been submitted to COUNTY and that should CONTRACTOR fail

to submit the required certificates than sufficient grounds exist for COUNTY to discontinue or suspend payments for this Agreement.

BUDGET AND PAYMENT SCHEDULE: CONTRACTOR shall invoice COUNTY monthly with an itemized invoice of services. Payment shall be made to CONTRACTOR within thirty (30) days of CONTRACTOR invoicing COUNTY for services rendered pursuant to the approved budget as outlined in Exhibit B. Notwithstanding any other terms of this Agreement, no payments shall be made to CONTRACTOR if COUNTY is not satisfied that work of such value has been rendered pursuant to this Agreement.

6. **RECORDS:** CONTRACTOR shall maintain at all times complete detailed records with regard to work performed under this Agreement in a form acceptable to COUNTY, and COUNTY shall have the right to inspect such records at any reasonable time. Notwithstanding any other terms of this Agreement, no payments shall be made to CONTRACTOR until COUNTY is satisfied that work of such value has been rendered pursuant to this Agreement.

7. **EMPLOYEES OF CONTRACTOR:** All persons performing services for CONTRACTOR shall be independent contractors or employees of CONTRACTOR and not employees of COUNTY. CONSULTANT agrees to investigate, handle, respond to, provide defense for, and defend any such claims, demand, or suit at the sole expense of the CONSULTANT. CONSULTANT also agrees to bear all other costs and expenses related thereto, even if the claim or claims alleged are groundless, false, or fraudulent. This provision is not intended to create any cause of action in favor of any third party against CONSULTANT or the COUNTY or to enlarge in any way the CONSULTANT'S liability but is intended solely to provide for indemnification of PLACER COUNTY from liability for damages or injuries to third persons or property arising from CONSULTANT'S performance pursuant to this contract or agreement.

As used above, the term PLACER COUNTY means Placer County or its officers, agents, employees, and volunteers.

Exhibits

A. Scope of Work

EXHIBIT A
SCOPE OF SERVICES

The following describes in detail the scope of work for the annual plan (07/01/2006 through 06/30/2009) prepared by the Placer County Probation Department to evaluate three projects operated by the Placer County Probation Department under the Schiff-Cardenas Crime Prevention Act of 2000, now known as the Juvenile Justice Crime Prevention Act (JJCPA). These projects include:

- Services to status offenders including safe temporary shelter, crisis intervention, outreach services and family mediation/reunification, referred to as the Crisis Resolution Center (CRC).
- A Youth Resource Center (YRC) comprised of an academic/educational component provided by the Placer County Office of Education, followed by an after-school/extended day drop-in program for the students as well as other probation referrals.
- Programs and services provided at the county's 75-bed Juvenile Detention Facility (JDF). A probation officer will be assigned to the JDF to coordinate contracted service providers and recruit volunteers and mentors.

Process Evaluation

The evaluation shall include a process evaluation to analyze program design, track and monitor ongoing program implementation, and troubleshoot implementation and process problems. This effort will ensure that the projects and services proposed in the Placer County CMJJP are carried out as planned and will document changes in operation that become necessary as implementation progresses.

The process evaluation effort will develop a basic profile (i.e., age, gender, offense history, family situation, substance use/abuse, educational history) for the youth involved in each project, the nature of the problem resulting in referral to the project (primarily for the CRC), and the services that are delivered and for what duration. In addition, process evaluation reports will describe variation from the project as described in the proposal and reasons for that variation, as well as the numbers of participants and services provided for each of the three projects.

Outcomes Evaluation

The outcomes evaluation of the CRC, the YRC, and the JDF will utilize a variety of measures to determine the effectiveness of the enhanced and new services provided to targeted youth by the Placer County Probation Department. The initial step in conducting the Outcome Evaluation will involve evaluating current practices. This evaluation shall include, but not be limited to assessment tools and measurement instrumentations that will be reviewed for ability and success in measuring project outcomes. Finally, data being generated on an ongoing basis through use of the selected instrumentation and collected by Placer Probation staff and transmitted electronically to Elsan Associates where these data will be managed and analyzed and regular reports prepared

and sent to Placer Probation. The primary outcome of the project will be the completion of the statistical information/outcomes for JJCPA Programs as required by California State Law and the California Corrections Standards Authority.

Data Collection

Elsan Associates will work with Placer County Probation Department staff to determine the range and nature of case data needed. Once the types of needed data are established and any gaps in needed data are identified, those data will be compiled by Placer staff and forwarded to Elsan Associates. Such data may include, but are not limited to:

For the Crisis Resolution Center:

- prior rate of use of crisis intervention services at the receiving home,
- prior rate of out-of-home placements of status offenders,
- prior rate of status offenders who escalate to delinquency status,
- prior rate of use of family services with status offenders,
- prior rate of beyond control/runaway youth reports to police, and
- any other prior data that would be available and useful for comparison

For the Youth Resources Center:

- prior rates of successful completion of probation by both YRC and other probationary youth, including:
 - payment of restitution,
 - completion of community service,
 - school attendance, and
 - completion of counseling and education programs;
- improved rate of family function reflected by rate of out-of-home placements including secure detention; and
- prior subsequent recidivism rates (new arrests, adjudications, and commitments) for youth who completed probation.

For the Juvenile Detention Facility:

- prior rates of acting out behavior (escape, suicide attempts, assault on staff or between wards) in detention;
- prior records on type of crime resulting in juvenile detention, including:
 - prior number/rate of incidents of physical violence,
 - prior rates of substance abuse;
- prior average length of stay;
- prior rate of successful completion of probation, including:
 - payment of restitution,
 - completion of community service,
 - school attendance, and
 - completion of counseling and education programs;
- prior rate of violation of probation detentions; and
- prior rate of commitment to camp facilities.

These baseline data will enable the evaluation team to analyze the effectiveness of the new and enhanced services provided by the three projects.

Training, Data Collection, Data Transmittal, and Monitoring Data Collection

Placer County staff will be trained on using the instruments to collect data, enter those data in a database, and electronically transmit the data to Elsan Associates. The evaluation team will maintain databases for Placer County staff to enter the collected data and will maintain a master database to compile all received data. In addition, some youth self-report assessment tools may need to remain anonymous and confidential. Such forms will be sent to Elsan Associates for data entry. Ongoing data collection will be closely monitored to ensure the validity of collected information.

Report Writing

The evaluation team will produce quarterly reports that will detail the status of the process and outcomes evaluation components and the status of ongoing data collection. The final annual report will be comprehensive and details of materials included will be finalized in collaboration with Placer County Probation Department, but shall at a minimum include the completion of the statistical information/outcomes for JJCPA Programs as required by California State Law and the California Corrections Standards Authority. Finally, a new work plan for the next fiscal year will be prepared.
